

Pray this prayer daily or on the days that you fast for your children.

Prayer For Guidance In Parenting

Heavenly Father, please give us the wisdom to raise our children in the fear and admonition of the Lord for your glory. Guide every step that we make in their education, recreation and friendships that our children may be raised according to your will and your wisdom. Help us to remember to constantly pray for our children that they might first and foremost come to a saving faith in Jesus Christ and then that they would know your will for their lives and walk in it. Help them to honor their father and mother that it may go well with them.

We give our children back to you Lord and dedicate their lives to you. Thank you for giving them to us as a sacred trust. May we be good stewards and shepherds of their tender hearts that our whole family might glorify you. Amen.
